RUMOR WAS STARTED TO AFFECT COTTON MARKET

Yazoo River Valley, North of Vicksburg, Has Been Flooded by Back Water.

By Bulletin Leased Wire.

Melville, April 10.—Another serious break occurred today in the levees of the Atchafalaya river, and a considerable section of the lowlands of St. Landry and St. Martin parishes are under water.

By tomorrow morning the waters probably will have reached Port Barre, and within sight of Opelousas. The cotton harvest in these smaller towns will likely be forced to abandon their homes and go to Opelousas for safety. It is probable that the large sections of the Frisco and the Opelousas, Gulf and Northwestern railroads will be cut off by the water.

Vicksburg, Miss., April 10.—A great army of men throwing up levees to fight the rising waters of the Mississippi flood forced out of their army camps along the river from Helena, Ark., southward.

At least a year's delay of the last 24 hours has been bridged with temporary victory at least. The outlook against the tide, now down in the balance, and apparently with the advantage on the side of the human forces.

The usual crop of rumors concerning alleged breaks in the levees below Helena today were disproved.

Since this afternoon, however, it was rumored that the river had burst through the levee bend above Natchez in the parish of Concordia, Parish, La., and the town of Vidalia had been flooded. Flood waters at Natchez immediately denied the rumor and asserted the river was not "leaked" in a general sense to affect the cotton market.

Late tonight the situation was unchanged at official headquarters. There has been a break in a subsidiary levee, and engineers declare they have the levee under control.

A large territory in the Yazoo river valley north of Vicksburg has been flooded by back water. It was in this valley that Col. Roosevelt was killed north of Vicksburg last year.

Today the back water in the Yazoo swept through the levee and marshes, and the river is rising. It is trying to find a way out, but the levees are holding.

At Helena, where the river has been killed, the water is still rising. It is trying to find a way out, but the levees are holding.

At Helena, where the river has been killed, the water is still rising. It is trying to find a way out, but the levees are holding.

WOODROW WILSON, PRESIDENTIAL CANDIDATE, BLAME ON HUSTON.

Washington, D. C., April 10.—The victory of Woodrow Wilson, presidential candidate, tonight, in Philadelphia, Pa., was a statement of which the following is a part.

The result in Illinois is attributable to the influence of William Randolph Hearst and his newspaper, the Chicago Tribune. It was aided by the abandonment of the field by Governor Harrison, who in accordance with the territorial agreement of the anti-Wilson alliance left Illinois, where his friends had been campaigning for months.

Wilson, who is now in Philadelphia, said that he had found the whole Harrison strength over to his.

Philadelphia, April 10.—Across the state of Pennsylvania, from Pittsburgh to Philadelphia, Colonel Roosevelt's visit has been a triumph.

His appeal for support at the primary on Saturday. It was the best of his campaign so far. In no other state it has been so successful.

Wherever he spoke Colonel Roosevelt's visit has been a triumph. He has won the support of the people in every state he has visited.

His view of the outcome. The Colonel referred to the first time in his life of the outcome of the fight.

"If, as I believe, the result of this fight, I want you to remember that your success must be based on the support of the people."

"After what I have seen yesterday and today," he said at another time, "I believe that the result of this fight will be a triumph for the people."

In his address here tonight, Colonel Roosevelt made a detailed exposition of his views on the outcome of the fight.

He said that he was determined to keep the courts in the grasp of the people, and to keep the courts in the grasp of the people.

COMMISSIONERS AND COMMITTEE TO CONFER

Question of Future Water Supply of City Will Now Be Taken Up by Water and Power Committee and the City Commissioners.

Though the city commissioners recommended that a consulting engineer be called in to carry to a conclusion the work begun by a special civic committee in regard to the future water supply for the city, the council Tuesday decided to refer the report submitted by ex-Commissioner Candy, City Engineer Latvala and ex-Commissioner Hoffman to the civic water committee and the city commissioners for a recommendation to the council.

The report of the special committee was submitted last Tuesday evening and laid over for one week. Last night the commissioners received the following report on the matter.

"This report outlines quite clearly the general question of water supply, and from your personal of the same, you will note it is somewhat of a complex engineering question. As the report indicates it is in the nature of an engineering nature, but rather a large question of economic engineering, which will require much thought, careful study and calculation to arrive at a conclusive result. Your commissioners feel, and the city engineer concurs in their view, that the committee has done sufficient work in outlining the principal schemes, and collecting sufficient data to warrant your commissioners securing the services of one or more consulting engineers to now take the matter in hand, continue the investigation in all its aspects, and to bring in a report sufficiently full and complete to determine the source and method, and any other matters connected directly or indirectly with the determination of the future water service for the city.

We would, therefore, ask that you authorize your committee to take such steps as may be deemed most advisable towards securing a definite decision on this question, and

Tenders for Civic Block To Be Called For Soon

Plans and specifications for the proposed civic office block were received by the city commissioners at their regular meeting yesterday and it is probable that tenders will be called for very shortly now.

The new children's shelter will be completed this summer. It has been found that the estimate of \$40,000 has been slightly exceeded. The extra amount will be covered by supplementary estimates.

Supplementary estimates were also received for current station No. 2, on the south side. Eight thousand dollars is asked for present expenditure, and \$1,500 for capital expenditure. Items under the latter head include \$1,000 for the installation of six police signal boxes and \$500 for six cells.

Williams & Klobasch, acting for John Gillespie, offer the city a gravel

EDMONTON SHELTER FIRST IN CANADA

New Home for Delinquent and Neglected Children Now Occupied on Thursday—Commonwealth and Well Arranged.

Edmonton's new shelter, at the corner of First street and Calgary avenue, is the most institution of its kind in Canada, if not on the continent. This was the statement made by R. H. Chadwick, superintendent of neglected children for the province. The building has been in use only since Thursday and all the furniture has not arrived as yet. It will accommodate about fifty children comfortably, while 40 can be accommodated with very little crowding.

There are now 25 children in the building, whose ages range from one month to 14 years. There are five little tots in the nursery. Yesterday five of the children were taken out to homes which had been found for them.

The main entrance of the building is on First street, and it is evident that the building has been designed with the idea of making it useful rather than ornamental. It is well lighted and the other part of the building, on each side, are built across the entire face of the north and south sides.

The matron's office is at the left of the main entrance, and it is very well pleased with the new home, and her pleasure is heightened by the fact that they were much overworked in the old building.

"The family" as the matron calls it, is constantly changing in number. It is made up of children of different circumstances. Of course the primary motive of the institution is to provide shelter for the delinquent and neglected children. Some of the inmates are waifs, others have been neglected by their parents and some by the department; while others have lost one of their parents by death and the other parent finds it impossible to provide an adequate support for them.

The children remain in the shelter until their parents are able to provide adequate support or until they are adopted. Instruction is given them by those in charge of the institution, and it is probable that arrangements will be made this summer whereby the children will be enabled to attend the public schools of the city. There are several children over six years of age now in the institution.

The staff of the shelter at present consists of the matron and two assistant matrons, one day and one night duty. There is also a cook and her husband, who is in charge of the building. It will be necessary to increase the force by the addition of a laundress and a general help.

The building is well finished inside in hard wood and everything is scrupulously clean. The walls are white and the windows are light gray. To the right of the main entrance is the building for the C.N.R. The new arrivals are received in this room the principal article of furniture is a large bath, in which the new-comers receive their first scrubbing and the clothes they have been wearing are dropped down a chute to the laundry tank in the basement. Should any evidence of disease be discovered about the child it is examined by the doctor before it is allowed to mingle with the other children. If necessary, the child is taken to the hospital, which occupies the north end of the building on the same floor. Adjoining the hospital is the operating room, which is not as yet fitted up. A well-appointed kitchen, fitted with all the modern conveniences, is also placed on this floor, and the dining-rooms from the children and the officers. The southwest side of the building is taken up with the play room, where amusements are provided for the children. All the stairways in the building are in the centre and immediately in front of the main entrance, and with the stairways down from each set of balconies, there is ample provision for escape in case of fire. Fire escapes are provided, however, in addition to these.

The second floor of the building is occupied by the girls' dormitory and the nursery for the infants, with the exception of these rooms are the apartments for the matron and assistant matrons, respectively. A diet kitchen, where the infant food is prepared, communicates with the nursery. A sun room is provided on the south balcony, adjoining the nursery.

On the fourth floor, the boys' dormitory occupies the north end of the building. The night matron has her apartments on this floor also. Rooms are provided for the matrons and the night staff.

The remaining space of this floor is taken up with the six cells for boys and girls who make themselves obstinate, and here they are given an opportunity for solitary reflection. There are also a number of linen closets and store rooms on the different floors.

WIFE FIGHT EXTRADITION

Positive Says He Could Not Get Fair Trial in Ohio City.

Winifred, Man, April 10.—William H. Shaver, held here on a charge of forgery at Canton, Ohio, says he is innocent, but will fight extradition, because he could not get a fair trial in Ohio.

He says he gave his wife \$250 when he left Canton with her cousin and sent her \$400 more from Minnesota. He claims he was released from his wife's lawyers, and was understood to have been set at liberty, when he would marry his affinity.

The couple have been living here under assumed names and were only released when they had taken away a local hair dresser to be his head of the police.

Shaver was working for a local real estate firm at \$15.00 per week and cleaned up \$150 more in commissions. His employers would not stand a thousand dollars to prevent Shaver's extradition.

Seven Years for Assault.

Peterboro, Ont., April 10.—For criminally assaulting Mrs. Maggie Brown, who was living in her house in Dunsmuir, Samuel Newell was today sentenced to seven years in the reformatory by Judge Laidlaw.

Andrew Carnegie's secretary wrote a letter stating that the population figures submitted by the city are a little too optimistic.

The letter was filed.

M. D. Flett, at present acting as manager of the plant of the Calgary Power Company, has made application for the position of superintendent of the Edmonton power plant.

The Calgary Power Company want to be assured that if the street car tracks are not moved from Vermilion avenue to Nelson avenue this year, it will still be possible to have a spur track laid from the C.N.R. to the site of their proposed new warehouse.

The new warehouse will be situated about 22 miles north-east of the city at a cost of \$35,000. The street car was referred to Commissioner Chadwick.

Many babies have been launched into life with constitutions weakened by disease taken in with their mothers' milk. Mothers cannot be too careful as to the food they use while nursing their babies.

The experience of a Kansas City mother is a case in point.

"I had a child, and thought I could not do it. But I found out later, it was doing the harm. (Tea is equally harmful because it contains caffeine—the same drug found in coffee.) For years I had been troubled with catarrh, spots before my eyes, and pain in my back to which I added, two years later, a chronic sour stomach."

The baby was born seven months ago and almost from the beginning she was suffering from sour stomach. The mother was taking it from me.

"My distress I consulted a friend of mine, experienced and who was a quack doctor; that coffee did not make good milk. I have since ascertained that it really dries up the milk."

So I quit coffee and tried tea and at last cocoa. But they did not agree with me. Then I turned to Postum with the happiest results. It proved to be the very thing I needed. It not only agreed perfectly with baby and myself, but it increased the flow of my milk.

"My husband then quit coffee and used Postum and quickly got well of his trouble. I have since used Postum and I no longer suffer from catarrh, spots before my eyes, my heart or sour stomach."

"We all did find Postum from my husband to my seven months-old baby. It has been the best thing I have ever used. We would not give up Postum for anything. We are ever drunk." Name given by Canadian Postum Co., Windsor, Ont. Get the little book, "The Road to Wellville," in page.

The basement has a room for the boys, where a workbench will be provided, with tools for the use of those mechanically inclined. The boys will be instructed in the use of the tools by competent instructors. The heating and ventilating plant is of the latest and most approved type.

After a visit to the building one feels assured that Mr. Chadwick's claims for the new building are well founded and a tale with the matron adds the assurance that the children find in her a kind foster-mother.

TRACK LAYING STARTS ON THE TOFIELD CALGARY LINE

That of the city the work along the line of the G. T. P. will be rushed. A dispatch from Vancouver yesterday says that two great pioneer track-laying machines of the G. T. P. start work today, one on the Regina boundary section, and the other on the Calgary-Tofield section. Twelve shifts will probably be worked on the first named, on a stretch of 155 miles, with four hundred men to a shift and a capacity of five miles daily, and eight miles double shift per day. A little grading remains to be done on the Calgary section of ninety miles, but track laying will go on simultaneously.

It is stated that within two weeks time grading will commence on the railway line from Edmonton to Dunsmuir, to be built by F. B. McArthur. Already a call is out for men to join the various outfits that will be sent out of the city as soon as the frost is out of the ground.

Other railway lines are also busy preparing for or starting the season's construction. While there is not the scarcity of men experienced in the city this spring as has been the case

during the past two or three years, yet it is expected that as soon as the warm weather really commences the season's work there will be more jobs than men.

Tuesday evening a large party of men were shipped over the Grand Trunk Pacific to Hugar, Sask., where operations on the construction of the branch line from Calgary to meet the Tofield-Calgary branch have been started.

Two hundred and fifty men were sent from Edmonton to Maseby by the J. O'Connor Construction Company last Monday. They will all be placed on the construction work of the Tofield-Calgary branch at that point in the course of a few days.

At first it was the intention of the company to employ men and teams picked up in the Maseby district, but with the sudden opening up of the season it was feared that the farmers would send their horses and so a call was made on Edmonton. With the teams of the sub-contractors, some of whom have already started, it will be necessary to employ about 500 men to carry on the work on the branch.

Supreme Court Heard Plaintiff In Assault Case This Morning

In Supreme Court Wednesday a colored man named Alex. Ross, told a strange story of an alleged serious beating given him by Louis Mitchell another farmer and his wife in June last. The parties claimed \$5,000 for the injuries he alleged had been inflicted on him by the defendants.

He said that on the 24th of June last at the request of the defendant Louis Mitchell, he called at the defendant's farm to transact business. When he got there, Mitchell and his wife were waiting for him, and he was told to wait for his wife. As a result he was kept to bed six weeks under medical attention, and for six months was unable to work on the farm. He had also contracted Bright's disease, owing to the injuries.

Describing the alleged assault with detail, he said that when he was taken to the ground he was held down by Mrs. Mitchell sitting on his head, while Mitchell kicked him on the body. He thought further, when he felt hands about his clothes that the defendants were going to strip and beat him. Plaintiff became unconscious during the beating. He had to be assisted off the farm and put in a wagon by his two boys, and on the 15th he got to the place Mitchell following him, the Mitchell showed him plaintiff's knife which, as well as the money, had been taken from his pocket during the struggle, Mitchell saying, "I have

got your knife; you were trying to cut my throat."

This shed by Children. Mr. Sydney Woods, K.C., appeared for the plaintiff and H. H. Robinson for the defendants. In reply to Mr. Robinson's cross-examination, he said he came from Oklahoma to Canada in March last year. When he got to the Mitchell farm on the way in question Mitchell came from the pig pen where he was feeding the pigs and meeting plaintiff, Mitchell, without saying a word, hit him over the head with the bucket, which was half full of pig food. The blow knocked him down and for a time he was senseless. The next he remembered was that Mitchell was kicking him and afterwards Mrs. Mitchell and the children belabored him with sticks.

Dr. John A. Hinds, of Edmonton, said that when he attended plaintiff in June last he had been very much injured. He had some ribs broken, his lung was punctured and he had been hurt on the kidneys. On the 29th June witness did not think he would live. Since the injuries plaintiff had failed very much and his heart's action was affected. He had also Bright's disease, which might have been caused by injury. Defendant Mitchell denied that he struck plaintiff to come to his farm or that he attacked him in the manner described. What injuries they gave plaintiff were inflicted while they were defending themselves against him.

South Side Residents

Petition for Improvements

Petition for local improvements on the south side of the city are now in the hands of the city commission.

For sewer and waterline improvements, they are as follows:

For sewer and waterline improvements, they are as follows:

For concrete walks the following petitions were received—south side, 2nd Avenue south, 4th to 5th street

west; east side, 2nd street west, 2nd to 3rd Avenue north, north side, 4th to 5th street north, 5th to 6th street north, 6th to 7th street north, 7th to 8th street north, 8th to 9th street north, 9th IMMENSE CROWD AT DEMONSTRATION AGAINST HOME RULE

Thousands Men Marched With
Bands and Banners to the
Place of Meeting.

STREETS LAY WITH FLAGS AND BUNTING

Leaders of Unionists Pledge Ut-
most Opposition to Home
Rule Bill.

London, April 10.—A special to the Times says: The great demonstration in Belfast yesterday to mark the anniversary of the signing of the union treaty passed without disturbance. To the sound of drums and bagpipes men from all parts of Ulster came. It is impossible to give exact figures regarding the number of demonstrators. It must have numbered at least 150,000. The procession to the meeting place took three hours to pass through the middle of the city.

It marched in military order. Many thousands lined the principal streets on the route to the Royal Ulster Agricultural society's show ground, where the great meeting was addressed by Mr. Henry Law, the leader of the Unionists in the House of Commons and others. The body of marchers which attracted the most attention was that representing the North division, composed almost exclusively of men wearing in uniform of officers of the British army. They formed a solid phalanx several thousand strong. All were "half-cock hats" a distinct Ulster salute, and paraded in line with the president of a battalion of infantry. The demonstrators were accompanied by their wives and children and the effect of the different colors was striking and picturesque.

Not less remarkable than the procession itself, which marched four abreast and was about four miles long, was the appearance of the roads which the men tramped. Flags and bunting were hung from thousands of dwellings, and inscriptions were displayed bearing various protests against home rule.

The most dramatic moment of the day was when Mr. Henry Law and Sir Edward Carson appeared on the platform together. The leader of the Unionists in the House of Commons and the leader of the Unionists in Ireland clasped hands in a solemn compact to fight home rule with all the power at their command.

A moment later every man in the great audience repeated after Sir Edward Carson, "Never under any circumstances will we submit to home rule."

Mr. Henry Law made a stirring speech, in which on behalf of the Unionist party he offered a tariff reform after an alternative policy to home rule, and declared that no part of the United Kingdom would benefit more than Ireland by a change of the fiscal system.

SEC.-TREASURER CROSSKILL HAS TENDERED RESIGNATION

E. M. C. Crosskill, the secretary-treasurer of the city, handed in his resignation to Mayor Armstrong at the City Hall yesterday. Mr. Crosskill has taken this step in consequence of the statements that were made in the report of the Legislative committee, of which Alderman Joseph A. Clarke is chairman, and also the remarks which were made by Alderman Clarke when dealing with the report. Mr. Crosskill wishes his resignation to take place at once.

Seen by a Bulletin representative shortly after he had handed in his resignation, Mr. Crosskill said he would not submit to the damaging insinuations which were made by Alderman Clarke. Mr. Crosskill said he had been in the service now for seven years, and during that time no suggestion of disloyalty or anything of the kind had been made by the council. The work of the city was not his fault, and he was not responsible for it.

He said that when he came here, he said "I will do my best," and he has done so. He said that he was not responsible for the work of the council, and he was not responsible for the work of the city. He said that he was not responsible for the work of the council, and he was not responsible for the work of the city. He said that he was not responsible for the work of the council, and he was not responsible for the work of the city.

NON RUSTABLE CORSET

Why so many wear this
"Marmola Belt"

Quality and Price

D & A Corsets are popular simply because you can buy for a given price a better fitting and wearing D & A than if you bought any other kind.

A perfectly equipped factory in Canada, thus saving all custom charges, and an immense output, are real reasons why.

D & A No. 540, shown in cut, is known as a "Marmola Belt," specially designed for the rubber suit. It has a reinforced upper front, duplex steel bones, stopped top and bottom, at extra wide suspenders, etc., etc., and is sold at first-class stores at only \$2.50. Imported corsets of even quality would cost about \$3.50.

Every D & A is guaranteed.

NEWS OF SPORT

SUMMARY OF THE DAY'S NEWS

BASEBALL—All the teams are ready for the opening of the big leagues today. Outlook is very bright for a close race and an exciting season—American Association opened yesterday, Baltimore leading Milwaukee losing. Columbia winning from Kansas City and Minneapolis winning—New York with Devin-Frank Gray and Manager Mackin drafted schedule for W. C. L. Dickenman has absolutely no chance to come back to Edmonton at any price—Commissioner appointed for awarding of Chalmers trophy.

NATIONAL LEAGUE

New York at Boston.
Philadelphia at Boston.
Chicago at Cincinnati.
Pittsburg at St. Louis.
St. Louis at Chicago.
Detroit at Cleveland.
Philadelphia at New York.
Boston at Washington.

New York, April 10.—Tomorrow will witness the opening of the baseball season in the major leagues. While the weather in the south has been on the whole unfavorable for good training, the teams are going into the season's battles with high hopes of a successful season.

The Giants and National league champions wound up a couple of victories, defeating Yale in two games today, and they expect the bridge to meet the Brooklyn looms tomorrow. It is expected that Marquand and Ecker will whirl and a battle royal is looked for. The Highlanders will entertain the regenerated Bostonians at the opening tomorrow. Harry Wolverton is confident that Russell Ford will pitch the team to victory, but the Bostonians are putting their faith in Joe Wood to put it over on the Hilltop crop and win the engagement.

At Chicago, Ed Walsh and Billy Sullivan have been chosen by Jimmy Callahan to work for the White Sox from the jump off, while Manager Wallace of St. Louis expects Pully and Stephens to put it over the local aggregation, which counts two new men in Weaver at short and Mattick, who replaces Matt McIntrye, the holdout.

At Philadelphia, the champions are in excellent condition for Washington. Coombs and Thomas will be the battery. Oldring and Lord cannot play and there is some doubt whether Baker can get into the game.

At Cleveland, Mullin and Kerehor will work for Detroit against the locals. Harry Davis was not ready tonight to announce his pitcher, but Mitchell, Kaler and Baskette were named as possibilities, while Easterly will be at the receiving end. Cobb has sufficiently recovered from a recent illness to play, and Bush, while he has not yet signed a contract, will be at short as his troubles with the team are about settled.

At Cincinnati it is expected that the crowd will be the largest ever seen at the ball game. Hank O'Day has made practically no change in the line-up but hopes to get the measure of the Cubs tomorrow.

BASEBALL

GIANTS TAKE DOUBLEDOWNERS
New York, April 10.—The New York Giants took both games of a double-header from the Yale University team today, the regular season being the first game by a score of 7 to 2 and the extra-inning game by 11 to 1 in the second.

E. C. D. L. WILL MEET
A meeting of the Edmonton City baseball league will be called at some time early next week it is understood. The street railway football eleven the date yet, but that will be decided shortly. All the teams expect to get organized and start playing at this meeting.

NO CHANCE FOR DICKIE
"There is absolutely no chance of Dickie coming back to Edmonton," said President Frank Gray yesterday. As soon as I received a wire from the Boston club, I wired back that I would not take him at any price. He has thrown his arm away trying to make a deal with manager Mackin and will be left out of the team. Anyway we don't want him.

NO BALL FOR KASKATON
Baskaton, April 10.—With no prospect of getting another city in the province to enter into the Western Canada baseball league, Baskaton's hopes for professional ball this year have faded and the players who were signed up were yesterday released.

DRAFT SCHEDULE FIXED
All pitchers' affairs and the greater part of last night was spent by President Frank Gray and Manager Mackin in drawing up a draft schedule to be submitted to President Johnson today. The schedule of 120 games, of which 50 will be played in Edmonton, will be played at 11:00 a.m. and 7:30 p.m. on Friday and Saturday. The season will open on Friday, May 2, and close on Friday, May 24.

U. S. S. GETS CROWNED
New York, April 10.—It was announced tonight that the first United States baseball league had finally decided a place of playing games in New York. The Brooklyn team in the National league, which has been playing in the semi-professional league known as the United States league, will manage the United States league team here. He said that it would be altogether a new team and not one made up of players from other teams.

U. S. S. BALL CLUB MEETS
An enthusiastic meeting of the U. S. S. baseball club was held in the Association rooms last night when officers were elected and the business for the year was discussed. It was decided in a city league if it were possible to have a team playing in the city.

DEVIN IS SOLD
New York, April 10.—The New York Giants' pitcher Devin was sold to the Boston Red Sox for \$100,000. Devin was one of the best pitchers in the National league. He was sold to the Boston Red Sox for \$100,000.

AMERICAN ASSOCIATION OPENS
Indianapolis, April 10.—Paul Tietz, the star pitcher of the American Association, was sold to the Chicago Cubs for \$100,000. Tietz was one of the best pitchers in the American Association.

MILLER'S TEAM OPENS
Toledo, Ohio, April 10.—Toledo defeated Milwaukee by a score of six to five yesterday in the first game. The contest had gone for eight innings. Miller was the star pitcher for the Toledo team.

CHAMBERS TROPHY
Cincinnati, April 10.—Ren Mulford, the star pitcher of the Cincinnati Reds, was sold to the Boston Red Sox for \$100,000. Mulford was one of the best pitchers in the National league.

CHAMBERS TROPHY
